

# CONSTRUCTION IMPACTS WILL BE MITIGATED

- Access to project area businesses and residences will be provided
- Reconstruction timing will be coordinated with the Chestnut Street bridge repair to reduce travel disruption in the area
- A minimum of one traffic lane in each direction will be maintained
- Neighborhood and business concerns will be considered regarding construction noise and work times
- Construction equipment storage and material stockpiles will be monitored to minimize pollution and dust
- Mountain Metro Bus Route #2 service to the area will continue
